AGENDA ITEM TITLE:

Proclamation for the Honor and Remember organization, supporting efforts to establish a recognizable symbol to honor our Military fallen and their families. (Cecilia Grittmann, Assistant Town Manager)

SITUATION & ANALYSIS:

The Town of Chino Valley is partnering with the Honor and Remember Organization in the month of May, 2016, and will fly the Honor and Remember flag the entire month of May at the Chino Valley Public Library. Representatives from the organization will be present to accept the proclamation and speak about their organization.

The Honor and Remember Organization is a national organization committed to the establishment of a tangible symbol of gratitude as a visible public reminder to all Americans; perpetually recognizing the sacrifice of our Military fallen heroes and their families. The organization proposes the Honor and Remember flag as a national emblem for that purpose.

1. Why do we need this remembrance flag?

Men and women have been serving in the United States military and dying for our country for more than 200 years. They represent a unique and distinct category of individuals, along with the families that sent them, that deserve a symbol of recognition, a visual emblem of honor. Until the Honor and Remember Flag was conceived, there was no such nationally recognized symbol. As a nation we have flags that symbolize everything; each state has their own flag, every branch of the service has their own flag, the POW/MIA have their own flag, every veteran's organization has their own flag, every college, high school, organization and so on. Yet the one single group that sacrificed to allow us to fly every flag freely have no public recognition. It is important that their lives and their families be specifically remembered and thanked.

None of us would willingly give our loved ones to be sacrificed for freedom's cause, it is simple human nature. However someone's loved ones are being sacrificed so that ours don't have to. The least we can do is be thankful. How do we show gratitude without something tangible, not knowing who these families are or where they live. The Honor and Remember Flag becomes that perfect visible expression.

The Honor and Remember Flag is not a replacement to our Stars and Stripes, or to the POW/MIA flag,

nor is it intended to diminish their meaning or stature. It was thoughtfully established to fill a void and complete the circle of tribute. With all three, we comprehensively and publicly give tribute to those veterans who served, those who are captured and need to be brought home, those who are still missing and need to be found and those we know who gave the ultimate sacrifice. Let none be forgotten.

2. Why now?

There are many reasons why it is important to establish the Honor and Remember Flag as a national symbol in this generation. The most important one is that there exists today the largest contingent of living veterans of any time in our history. These veterans comprise in large part one of the greatest groups of least honored soldiers in our history: the Vietnam War veterans. All total however it is still a relatively small number in regard to the general citizenry.

It is important that this small percentage of those who served this country and understand the impact of sacrifice, educate those civilians who will never otherwise understand. Once our military shrinks and our veterans pass, the education will cease. Honor and Remember is a unique, out of the box opportunity to bring a patriotic message to a civilian population.

For those who lost their lives and their families, the Honor and Remember Flag serves as a way for the rest of us to express, perhaps belatedly, our gratitude for their sacrifice. It is important that all veterans rally in support of the Gold Star families to leave this lasting symbol of public thanks. We all should be doing something; ask yourself if not this then what? There are not many opportunities in a lifetime to leave behind a national legacy, we need your help.

3. Doesn't the American flag honor the fallen?

The flag of the United States of America is our nation's symbol and identifies us as Americans. It is the umbrella which represents every underlying aspect of our country. It actually takes on a different context or meaning wherever it is displayed; Public buildings, private homes, sports stadiums, Olympic events, caskets or even the moon. Like any other nation's flag it does not stand for anything specific. Ask any citizen what our flag means to them and you will get a dozen different responses. Does it represent sacrifice? Absolutely! However, the American flag also stands for our constitution, the unity of our people, the diversity of our nation, the triumph of our accomplishments and the right to protest or to be burned. It is the symbol of freedom many die to defend, rather than a tangible emblem to specifically honor those who gave their lives. See the answer to question #1.

Our sons and daughters, throughout history, died to preserve its meaning but it does not particularly represent them, they represent the flag, which represents our entire country. Here is how the symbolism of the American flag was originally designed and explained:

The U.S. flag consists of thirteen horizontal stripes, seven red alternating with 6 white. The stripes represent the original 13 colonies; the stars represent the 50 states of the Union. The colors of the flag are symbolic as well: Red symbolizes hardiness and valor; White symbolizes purity and innocence; Blue represents vigilance, perseverance, and justice.

Proclamation declaring April 2015 "Fair Housing Month." (Cecilia Grittmann, Assistant Town Manager)

SITUATION & ANALYSIS:

One of the requirements for Federal Housing dollars (such as the CDBG grant, or the Housing Rehab grant), is for a governmental entity receiving the funds to declare the month of April as "Fair Housing Month." The Town has done this consistently every year. We also had a representative from the SW Housing spend an afternoon in our community to address any fair housing issues a citizen may face.

7) ACTION ITEMS

The Council may vote to recess the public meeting and hold an Executive Session on any item on this agenda pursuant to A.R.S. § 38-431.03(A)(3) for the purpose of discussion or consultation for legal advice with the Town Attorney. Executive sessions are not open to the public and no action may be taken in executive session .

(Cecilia Gritman, Assistant Town Manager)

Recommended Action: Direct staff to develop a land use agreement with the Chino Valley Equestrian Association for use of current Rodeo Grounds at Old Home Manor, as well as develop a longer term lease for an additional 80 acres of land at OHM.

Councilmember Cuka declared a conflict of interest, as she was the president of the equine association, and recused herself from this item.

Mr. Bartels reported that the Chino Valley Equestrian Association ("Association"), a pending non-profit, had been working with the OHM Committee and staff to resurrect the rodeo grounds as an equine and events facility. There was limited accessibility to infrastructure at the site, but staff intended to work with stakeholders to mitigate infrastructure expenses.

Danielle Feller, Association board member, spoke about an explosion of interest in equine events in Chino Valley, committees being formed, and producers already wanting to schedule events.

Gary Gang, Association board member, presented the results of an equine survey demonstrating the need for this type of facility in the area.

Sergio Martinez, equestrian center architect, presented a proposed facility design, economic impact analysis, anticipated management and operations issues and costs, and potential users. He then responded to several questions by Council:

- 99.9% of such facilities owned by a municipality were non-profit.
- The estimated cost for the whole facility was \$4.5 to \$5 million, which would be phased depending upon funding. The covered arena, the largest ticket item, was \$1.5 million.
- The Association was looking for the facility to be self-sufficient without any financial help from the Town.
- Until the Town had infrastructure, the Association could use portable water and lights to get started soon.

MOVED by Vice-Mayor Darryl Croft, seconded by Councilmember Lon Turner to direct staff to develop a land use agreement with the Chino Valley Equestrian Association for use of current Rodeo Grounds at Old Home Manor, as well as develop a longer term lease for an additional 80 acres of land at OHM with the stipulation that all development and design go back to the engineering department.

Other: Councilmember Susie Cuka (RECUSE)

Mayor Marley recessed the meeting at 6:59 p.m. and reconvened it at 7:11 p.m., at which time Councilmember Cuka returned to the dais.

- b) Consideration and possible action to amend the Town Code and Unified Development Ordinance of the Town of Chino Valley to reflect proposed changes in requirements for connections to the Town's sanitary sewer system. (Ruth Mayday, Development Services Director)

Recommended Action: Amend the Town Code and Unified Development Ordinance of the Town of Chino Valley to reflect proposed changes in requirements for connections to the Town's sanitary sewer system.

Ms. Mayday reviewed Council's preferences based on their last discussion, as well as further recommendations by staff for the Code amendments.

Mandatory connections

- *Council preferences:* (i) Mandatory connection if extension is within 400 feet of commercial property; non- mandatory for residential; (ii) Mandatory connection for new commercial construction within 400 feet; (iii) Reduce connection fees to 50% of actual cost during construction; and (iv) Apply to all current and future projects.
- *Staff recommendations:* (i) Incentivize residential connections; (ii) Mandate connection for multi-family housing to keep multi-family housing near SR 89; and (iii) Include existing residential connection cost in financing; amortize fees over 10 years at 5%; require payoff at transfer of ownership.

Triggers for Mandatory Connection

- *Council preferences:* (i) No mandatory connection for sewer failure; and (ii) Mandatory for new construction within 400 feet of property line.
- *Staff recommendations:* (i) Mandatory connection for failures within 400 feet of the existing main; and (ii) Mandatory connection for remodel/addition increases of fixture units by 50%.

Ms. Mayday reviewed state and county triggers for mandatory connection. The Town currently operated under a county, municipal, or sanitary district ordinance requiring connection.

Suzanne Ehrlich with the Yavapai County Development Services Environmental Unit reported that:

- ADEQ rules dictated that septic repairs relating to the tank, distribution box, or trenches or leach lines needed a permit.
- If a system failed and the sewer was to the property line, the state mandated connection.
- If Town staff provided a list of Town parcels potentially affected by sewer, County staff could flag those parcels in their system.

Ms. Ehrlich, staff and Council discussed:

- Homeowners' options for when a septic needed expanding, especially on lots with configuration issues.
- Safe yield considerations.

- Stipulating lot sizes for mandatory connection.
- Issues associated with remodeling and additions related to septic.
- Septic system "failure" and those being "unrepairable."

Council modified their preference to require mandatory connection for unrepairable septic system failures. They did not prefer staff's second recommendation relating to remodel/addition increases.

Incentives for New Developments

- *Council preferences:* (i) No dry-line installation at present—consider in the future; (ii) Require gravity for medium-density subdivisions; (iii) Incentives for connections should be considered on a case-by-case basis; and (iv) No septic for large commercial; package plant okay; prefer connection.
- *Staff recommendations:* (i) Require dry line installation at four dwelling units per acre for residential and for all commercial; (ii) Future sewer design shall expand gravity system; (iii) Size and scope of improvements is basis for incentives; and (iv) Package treatment plants and septic tanks should not be allowed for commercial.

Council and staff discussed:

- The Town Code currently not allowing any package treatment plants.
- Issues with elevations, gravity systems, and lift stations in the Town.
- Using sales tax reimbursement tools to rebate for off-site improvements.
- Most developers wanting sewer and water, not package plants or septic.
- Concern with large development off the highway and no access to sewer.
- Options for developments north of the gravity area marked by Granite Creek Lane.
- Bringing this item with the code amendments to the next meeting.

Ms. Smiley advised that these changes will also require Unified Development Ordinance amendments, and those will first need to go through the Planning and Zoning Commission public hearing process.

Council modified their preference to allow package plants north of Granite Creek Lane until sewer came by, at which point developments will have to connect.

MOVED by Vice-Mayor Darryl Croft, seconded by Councilmember Jack Miller to postpone a decision until the Code and UDO are amended and brought back before the Council.

Vote: 6 - 0 PASSED - Unanimously

- c) Consideration and possible action to approve the Agreement for Professional Consulting Services with Lyon Engineering, Inc., for the preparation of engineering construction plans for the Center Street Sewer Main Extension project in the amount not to exceed \$60,005.00. Funds to come from Sewer Enterprise Fund. (Michael Lopez, Acting Public Works Director/Town Engineer)

Recommended Action: Approve the Agreement for Professional Consulting Services with Lyon Engineering, Inc., for the preparation of engineering construction plans for the Center Street Sewer Main Extension project in the amount not to exceed \$60,005.00.

Mr. Lopez presented on this item:

- This project was associated with the WIFA loan refinance and running sewer to Mollie Rae subdivision.
- While Council had hoped to have the buy-in fees resolved before taking any more action on this item, the project was now reaching a critical timeframe.
- As the Town's procurement process was outdated, and would not be resolved in time for this item, and as Lyon was already intimate with the Mollie Rae project, staff was asking that Council exercise its authority to waive the bid process for this project.
- Engineering costs had increased since last year, but they were still at the standard 10% of the total project.

Council preferred that no trenches be dug until the Code and UDO amendments were done. Staff stated that no trenches would be dug under this contract.

MOVED by Vice-Mayor Darryl Croft, seconded by Councilmember Corey Mendoza to waive procurement bid process and approve the Agreement for Professional Consulting Services with Lyon Engineering, Inc., for the preparation of engineering construction plans for the Center Street Sewer Main Extension project in the amount not to exceed \$60,005.00.

Vote: 6 - 0 PASSED - Unanimously

- d) Consideration and possible action to approve the Agreement for Professional Consulting Services with CivilTec Engineering, Inc., for the preparation of engineering construction plans for the Old Home Manor Industrial Park project in an amount not to exceed \$196,185.00. Funds to come from EDA grant and accounted for in the Grants Fund. (Michael Lopez, Acting Public Works Director/Town Engineer)

Recommended Action: Approve the Agreement for Professional Consulting Services with CivilTec Engineering, Inc., for the preparation of engineering construction plans for the Old Home Manor Industrial Park project in an amount not to exceed \$196,185.00.

Mr. Lopez presented on this item:

- Staff solicited Requests for Proposals (RFP) for this item and had two submittals, both of which were eligible.
- The EDA reviewed and approved the item, but as they did not approve Town staff performing the inspections, CivilTec was required to expand its original scope of work, increasing the cost by \$27,000 over the amount requested in the agenda item.
- To accommodate the increase, staff will have to decrease expenses somewhere else—probably administration costs or contingencies—but they intended to do it in a way to keep as much pipe in the ground as possible.
- If the Town satisfied all these requirements now, the Town will be better positioned to work with the EDA in the future.

Town Attorney Smiley suggested, since the dollar amount was greater than the amount on the agenda, that Council not take action and bring it back on the March 22 consent agenda.

MOVED by Vice-Mayor Darryl Croft, seconded by Councilmember Corey Mendoza to postpone the decision on item (d) until the next meeting and place it on the consent agenda with the correct dollar amount.

Vote: 6 - 0 PASSED - Unanimously

8) EXECUTIVE SESSION

Council may vote to recess the Regular Meeting and hold an executive session, which will not be open to the public, for the following purposes.

9) ACTION ITEMS RESUMED

After the Executive Session, Council will reconvene the Regular Meeting.

10) ADJOURNMENT

MOVED by Councilmember Jack Miller, seconded by Vice-Mayor Darryl Croft to adjourn the meeting at 8:27 p.m.

DRAFT

MINUTES OF THE STUDY SESSION OF THE TOWN COUNCIL OF THE TOWN OF CHINO VALLEY

**TUESDAY, MARCH 15, 2016
6:00 P.M.**

The Town Council of the Town of Chino Valley, Arizona, met for a Study Session in the Chino Valley Council Chambers, located at 202 N. State Route 89, Chino Valley, Arizona, on Tuesday, March 15, 2016.

Present: Mayor Chris Marley; Vice-Mayor Darryl Croft; Councilmember Mike Best; Councilmember Susie Cuka; Councilmember Jack Miller; Councilmember Corey Mendoza; Councilmember Lon Turner

Staff Present: Town Manager Robert Smith; Assistant Town Manager Cecilia Grittmann; Finance Director Joe Duffy; Human Resources Director Laura Kyriakakis; Assistant Public Works Director/Town Engineer Michael Lopez; Utilities Maintenance Technician David Jaime; Development Services Director Ruth Mayday; GIS/CAD/Web Technician Jan Mazy; Town Clerk Assistant Amy Lansa; Town Clerk Jami Lewis (recorder)

1) CALL TO ORDER; ROLL CALL

Mayor Marley called the meeting to order at 6:00 p.m.

2) Presentation and discussion regarding the Town's August 30, 2016 primary election and the Alternative Expenditure Limitation (Home Rule Option) ballot measure. (Joe Duffy, Finance Director; Jami Lewis, Town Clerk)

Mr. Duffy reviewed the ballot measure, including:

- History and purpose of the 1980 expenditure limitation initiative.
- Expenditure Limitation options and those used by other Arizona municipalities.
- State-imposed limit versus Home Rule.
- Difference between a "yes" and "no" vote.

Key points were:

- Chino Valley citizens had approved the Alternative Expenditure Limitation—Home Rule Option every four years from 1985 through the present.
- For the next four fiscal years, under the state limit, the Town could spend only approximately \$9 million to provide services to the community, while under Home Rule, the Town could spend approximately \$20 million.
- A "yes" vote will continue the Home Rule option for the next four years; a "no" vote will place the Town under the state-imposed limit for the next two years.

Ms. Lewis reviewed the Town's educational outreach plan for the ballot measure, including:

- Key dates and action steps related to hearings, formal ballot measure proposal, and voter

information pamphlet.

- Staff's role in educating Council, staff, and public, and prohibitions on staff regarding outreach.
- Council's role in outreach activities.
- Outreach materials used.

Council suggested that staff redefine "general government" on the Home Rule versus State Limit chart.

3) Presentation and discussion regarding potential savings by refunding the GADA 2007A and 2010 Excise Tax Bonds. (Joe Duffy, Finance Director)

Mr. Duffy reviewed the Town's debt history and the loans staff was proposing to refinance. The purpose of refinancing was to take advantage of lower interest rates. If the Town could not get a good interest rate, staff would not pursue the proposal. Based on a projected interest rate of 2.25%, the Town would save a total of \$341,000 for a cash savings of \$30,000 per year.

4) Presentation and discussion regarding the Performance Management and Evaluation Process. (Laura Kyriakakis, Human Resources Director)

Ms. Kyriakakis reviewed the forms, proposed process, and timeframes for the evaluation, as well as the differences between the annual performance evaluation and performance management, including strategic planning, setting and weighting goals, and common pitfalls.

Key points were:

- Mr. Smith's completed self-evaluation was forwarded to Council this afternoon.
- Each councilmember will complete a Performance Appraisal Form individually; then she will combine the responses into one presentation for the actual performance review with the whole Council. Councilmembers could use Mr. Smith's proposed goals and the 2014 strategic plan for suggested goals.

Council and staff discussed whether or not the councilmembers' comments should be compiled as a group or if their individual comments should be noted. Mr. Smith related that he desired feedback from them as individuals during the review process. Ms. Kyriakakis stated that she would include the councilmembers' initials on the evaluation points and comments.

5) Discussion regarding a reorganization to separate the positions of Director of Public Works and Town Engineer by adopting Ordinance No. 16-810 amending Town Code Title V Public Works, Chapter 50 General Provisions, Subchapter Utility Department, Section 50.15 Public Works Director; and approving a revision to the Town of Chino Valley Organizational Chart. (Councilmember Lon Turner; Councilmember Corey Mendoza)

Mr. Smith presented an overview of the Public Works Department's structures from 2012 until the present, and proposed changes. Key points were:

- The department's current structure did not fit with the Council's recent strategic planning goals, which had a strong public works emphasis. The Town needed the technical ability and management approach to accomplish the goals.
- As one person could not successfully lead the department's six major missions, staff proposed to hire a town engineer who would report to the public works director and

- supervise streets, water, and sewer.
- The proposed structure was similar to several other communities surveyed.
- Town Code requirements were defined for the public works director, but not the town engineer position. The Town needed an engineer who had more operations knowledge so the public works director could lead the department and not be buried in daily utilities operations.

Council and staff discussed:

- The lack of personnel to keep up with the public works workload.
- Ensuring that any changes would not put current employees in a position that they were not prepared for.
- Other possible structures.
- The current acting public works director's technical skills and management approach.

Mayor Marley recessed the meeting at 7:51 p.m. and reconvened it at 7:59 p.m.

Acting Public Works Director/Town Engineer Lopez spoke about:

- His background, his experience with the Town and other entities, and what he had done since becoming acting director.
- Reasons for the proposed structure, where he was overloaded, and the need to hire or outsource to meet current demands.

Council and staff discussed:

- Operational distinctions between the public works director and town engineer positions, as well as other public works staff.
- The town manager hiring a town engineer before the restructuring was complete.

Mr. Smith stated that human resources was advertising for an engineer now, as they needed the professional support soon, but he would do more research if Council so requested. Staff supported this proposal and hoped for Council's support.

Council recommended that staff not make any changes until councilmembers reviewed the material and brought their comments back to a future meeting or study session.

6) ADJOURNMENT

MOVED by Councilmember Jack Miller, seconded by Councilmember Mike Best to adjourn the meeting at 8:39 p.m.

Vote: 7 - 0 PASSED - Unanimously

AGENDA ITEM TITLE:

Public Hearing regarding Resolution No.16-1078 proposing an alternative expenditure limitation and referring it to the votes of the Town of Chino Valley.

RECOMMENDED ACTION:

Hold public hearing.

SITUATION AND ANALYSIS:

This is the second of two required public hearings on the alternative expenditure limitation (Home Rule).

Home Rule relates to the Town's budget process as prescribed by state law. All Arizona cities and towns are required to have a balanced budget where spending (expenditures) cannot exceed available income (revenues). State law also mandates an expenditure limitation amount, determined by the state, that the Town cannot exceed, regardless of its revenues unless the Town adopts and the voters of the Town approve either an alternative expenditure limitation (Home Rule) or a permanent base adjustment. The state-imposed expenditure limitation is determined by a state commission by using a formula based on revenue and expenditure levels from 1979 and adjusted based on increases in population. It does not take into account increased revenues and is, in fact, far below the revenue levels that the Town currently operates under. A municipality may, if the municipality's voters approve, adopt an alternative method for setting the municipality's expenditure limit ("alternative expenditure limitation").

There are 4 options that authorize municipalities to exceed their state-imposed expenditure limitation, as well as an Emergency Override option, which allows a municipality to exceed its expenditure limitation in the event of a disaster in which either the governor or the Town Council declares an emergency. The other options are:

- One-Time Override – Allows a city or town to exceed the state-imposed limitation for one year for a specific purpose. Voter approval is required.
- Capital Projects Accumulation – This option is most appropriate for communities where the

state-imposed limitation is sufficient except in the area of capital outlays. This option has become obsolete and is not being used by any Arizona municipalities. As the state-imposed limitation is not sufficient for the Town, staff does not recommend this option.

- Permanent Base Adjustment – Allows a municipality to permanently adjust the base that the state will use to calculate the expenditure limitation. Voter approval is required. If approved by the voters, the base used to determine the expenditure amount will not revert to the 1979 levels and will remain at the same level as approved by the voters until some other action is taken by the voters. As this option requires a longer term commitment staff believes the Town's citizens would prefer additional opportunities to be involved in the Town's budgeting process, staff is not recommending this option at this time. However, as the Town's financial condition continues to improve, staff may be proposing this option for approval by the voters in a 2018 election.
- Alternative Expenditure Limitation (Home Rule) – Allows a municipality to set a spending limit based upon current and projected revenues and local service demands. Voter approval is required and it is only effective for four years. If it is not approved again after four years, the expenditure limit reverts to the state-imposed limitation, based on the 1979 amounts. As this option appears to fit the community's needs the best at the present time, staff recommends that Council refer it to the Town's voters for approval at the August 30, 2016 primary election.

The Town currently operates under the Home Rule Option, which was originally approved in 1985, and has been approved every four years since. The Town's current Home Rule Option expires in 2017. If approved by the voters, the new Home Rule will become effective in the 2017-2018 fiscal year.

The Town Council has three possible options to propose to the voters:

- Propose an extension of the Home Rule Option for another 4 years;
- Propose another option;
- Propose nothing and revert to the default state-imposed expenditure limitation.

In order to adopt Home Rule, Council must hold two public hearings to hear public comment. After the second public hearing, Council must adopt, in a special meeting, a resolution (Exhibit "A") proposing Home Rule and placing it on a Town election ballot. The Home Rule proposition must be referred to the voters at a regular election at which candidates are nominated or elected to the Town Council. Staff therefore recommends that the proposal be placed on the August 30, 2016 primary election ballot.

For more information on the Home Rule Option, see the attachment – Frequently Asked Questions about Alternative Expenditure Limitation – Home Rule Option.

Finance staff has prepared the financial analysis required by law prior to placing the question before the voters. Those documents include a summary analysis, summary analysis worksheet, and a detailed analysis. These analyses contain the calculations for determining the state-imposed limitation and the projected AEL under the Home Rule option for the next four fiscal years. *NOTE: The figures in the exhibits described below have been updated from the March 22 agenda item due to receiving the final revised inflation figures from the state.*

The summary analysis delineates four things:

- The estimated expenditure limitation (or budget cap) that the Town will be allowed to expend for the next four fiscal years under the Home Rule Option (paragraph 2).
- The budgetary purposes (Town services and operations) for which the Town will use its expenditure authority (paragraph 3).
- The estimated expenditure limitation that the Town will be allowed to expend for the next four fiscal years under the state-imposed limitation (paragraph 4).

- The amount of revenues estimated to be available to fund the Town's operations (paragraph 5).

The summary analysis worksheet is used to compute the total expenditures under the state imposed limitation, which includes as its base the Town's revenues from 1979-80 and its 1978 population.

The detailed analysis includes:

- A synopsis of the summary analysis (paragraphs 2 & 3).
- The amounts estimated to be expended in specific areas for Town services and operations (1st table).
- Estimated revenues from federal, state, and local sources (2nd table).

All of this assumes that the revenues the Town receives will continue to be available as they have been for the past four years.

Should Council approve Resolution No. 16-1078 on April 12, 2016, staff will place the Home Rule proposal on the August 30, 2016 ballot. Should Council not approve the Resolution, the item will not be placed on the ballot and the Town's expenditure limitation will revert to the state-imposed limitation, effective July 1, 2017.

Final Detailed Analysis

FREQUENTLY ASKED QUESTIONS

ALTERNATIVE EXPENDITURE LIMITATION – HOME RULE OPTION

What is the *Expenditure Limitation*?

- Chino Valley, like all cities and towns in Arizona, is required to have a balanced budget where spending (expenditures) cannot exceed available revenues.
- Additionally, in 1980, Arizona voters approved a constitutional amendment designed to limit the annual expenditures of all Arizona cities and towns. The law requires that each municipality cap its annual expenditures by adhering to a budgetary limit on its expenditures that is set by the state. This is known as the *state-imposed expenditure limitation*.
- As Arizona's municipalities began experiencing the growth that we still see today, with their revenues and budget demands growing, it became clear that the state formula, set according to the economic climate of the late seventies, no longer reflected the revenue and expenditure needs of a rapidly growing state.
- The Arizona Constitution was then amended to provide options to accommodate these growing financial needs. One of these options allows voters to authorize their city or town council to adopt an alternative method for setting their municipality's expenditure limit. This is known as the *Alternative Expenditure Limitation* (Home Rule).
- If the city or town has approved Home Rule, each fiscal year, the city or town council adopts an expenditure limitation in conjunction with adoption of its budget. Expenditures can not exceed that limitation, thereby creating the required balanced budget.

What are the Options authorized by law for a city or town to exceed its state-imposed expenditure limitation?

- Emergency Override – Provides for governor or city/town council to allow for expenditures in excess of the state-imposed limitation in the event of a disaster.
- One-Time Override – Allows a city/town to exceed the state-imposed limitation for one year for a specific purpose.
- Capital Projects Accumulation – This option is most appropriate for communities where the state-imposed limitation is sufficient except in the area of capital outlays. This option is not currently being used by any Arizona municipalities.
- Permanent Base Adjustment – Allows a municipality to permanently adjust the state's base expenditure amount used to formulate the municipality's expenditure limitation, rather than using 1979 as adjusted as required by the 1980 voter-approved proposition. Once approved by the voters, it does not expire.
- Alternative Expenditure Limitation (Home Rule) – Allows a municipality to set its own spending limitation based upon current and projected revenues and local service demands. It is effective for four years. At the end of the four-year term, if a new Home Rule is not approved by the voters, the expenditure limitation reverts to the state-imposed limitation.

Why Home Rule for Chino Valley?

- Home Rule permits the Chino Valley Town Council to set a spending limit based upon local priorities instead of making budget decisions based on a state-imposed formula. Hence, budget decisions are made at “home.”
- Home Rule does *not* enable the Town to spend more than the revenues it receives. Should the Town receive fewer revenues than budget projections, Town officials are required by law to reduce expenditures to maintain a balanced budget.
- Chino Valley operated under the state limitation until 1985, when Chino Valley citizens voted to approve the Home Rule Option for the first time. Chino Valley voters have extended the Home Rule Option every four years since then.
- The Town’s current Home Rule expires in June 2017 and the Town Council will be asking the voters to extend it another four years at the Town’s Primary Election on August 30, 2016.
- The Town is recommending the Home Rule Option over the other options, because it best fits the Town’s current circumstances. More specifically:
 - o The One-Time Override does not apply to the Town at this time.
 - o The state-imposed limitation under the Capital Projects Accumulation is not sufficient for the Town at this time.
 - o The Permanent Base Adjustment requires a longer term commitment, would bind future Town Councils, and tends to be more favorable during a stable economy.

What effect does Home Rule have on revenues and taxes?

- Home Rule does not increase or decrease the revenues that the Town receives from sales taxes and state shared revenues or from any other source.
- Home Rule has *no* impact on taxes or tax rates. It does not change the Town’s sales tax rate.

What is the difference between Home Rule and the state-imposed limitation?

- The expenditure limitation was originally adopted in 1980 and the formula for the state limitation is based on revenues and population from 1979.
- While the state limitation for subsequent years permits increased spending limits using a population growth factor and an inflation factor, those factors are *not* calculated from *actual* revenues, population growth, or inflation.

- When the state limitation formula was originally developed in 1980, Chino Valley had a population of 2,400 and revenues of \$255,094.
- As the Town has grown, so have its revenues, operating costs, and demand for services. Today, the Town has a population of about 11,000 and it projects to receive approximately \$19,688,500 in revenues during fiscal year 2017-2018.

STATE LIMIT VS. HOME RULE – PROJECTIONS – 2017-2021

	FY 2017-2018	FY 2018-2019	FY 2019-2020	FY 2020-2021
State imposed expenditure limitation plus exclusions	\$8,564,329	\$9,172,407	\$9,100,545	\$9,345,848
Estimated revenues received from any source	\$19,688,500	\$21,149,050	\$20,588,250	\$21,047,150
Additional dollars available with Home Rule	\$11,124,171	\$11,976,643	\$11,487,705	\$11,701,302

What happens if the voters APPROVE the Home Rule?

- The Home Rule will remain in effect for the next four consecutive fiscal years.
- The voters will authorize the Council to set the Town's expenditure limitation based on current and projected revenues and needs while remaining within the broad budgetary limits prescribed by the state.
- The Town will adopt an expenditure limitation for the Town based on the Home Rule each of the four next fiscal years during the budget process.
- After four years, the Mayor and Council may ask the voters to extend it again or propose another alternative expenditure limitation or one of the other options available at that time.

What happens if the voters DO NOT APPROVE the Home Rule Option?

- The Town will lose the ability to set its budget based on current needs and revenues and will be required to limit Town expenditures to the state imposed formula for at least two consecutive fiscal years (until it can be approved by the voters at another election).
- Projections indicate that approximately 57% of the Town's overall budget for the next two years would have to be eliminated.
- Although the Town will still receive revenues approximating the estimates above, revenue amounts in excess of the state limitation will remain unavailable for two years, as state law will prevent the Town from expending those funds to provide general government services.

What do we need to know about voting on the proposal?

- The Town is proposing to place the proposal on the August 30, 2016 ballot.
- Registered voters will receive a voter information pamphlet with voting information, as well as much of the material presented here on Home Rule.
- Individuals or a group can file an argument for or against the Home Rule to be published in the voter information pamphlet. Submit arguments to the Town Clerk's office by June 1, 2016, notarized, and accompanied by an \$80 submittal fee.

(Home Rule Option)

SUMMARY ANALYSIS

The voters of the Town of Chino Valley in 2013 adopted an alternative expenditure limitation (Home Rule Option). The purpose of this election is for the continued use of the Home Rule Option.

Pursuant to the Arizona State Constitution, the Town of Chino Valley seeks voter approval to adopt a Home Rule Option to apply to the town for the next four years beginning in 2017-2018. Under the Home Rule Option if approved by the voters, the town estimates it will be allowed to expend approximately \$19,688,500 in 2017-2018, \$21,149,050 in 2018-2019, \$20,588,250 in 2019-2020, and \$21,047,150 in 2020-2021.

With approval of the Home Rule Option, the town will utilize the expenditure authority for all local budgetary purposes including; General Government; Grants; Public Safety; Parks & Recreation; Aquatics; Library; Senior Center; Magistrate; Prosecutor; Planning & Building; Public Works & Engineering; Roads; Water & Sewer Utilities; Capital Improvements; and Debt Service.

Under the state-imposed limitation, after considering the constitutionally allowed exclusions, the town estimates it will be allowed to expend approximately \$8,617,101 in 2017-2018, \$9,226,396 in 2018-2019, \$9,147,352 in 2019-2020, and \$9,399,993 in 2020-2021 for the operation of your local government.

The amount of revenue estimated to be available to fund the operation of your town government is \$19,688,500 in 2017-2018, \$21,149,050 in 2018-2019, \$20,588,250 in 2019-2020, and \$21,047,150 in 2020-2021. These revenue estimates are the same under the Home Rule Option or the state-imposed expenditure limitation.

Any and all dollar figures presented in this summary are estimates only and are based upon information available at the time of preparation of this analysis. The budget and actual expenditures in any of the four years may be more or less than expenditures noted above depending on available revenue.

If no alternative expenditure limitation is approved, the state-imposed expenditure limitation will apply to the town.

(Home Rule Option)
DETAILED ANALYSIS**

Pursuant to the Arizona State Constitution, the Town of Chino Valley as authorized by Resolution No. 16-1078 passed on April 12, 2016 will seek voter approval to adopt an alternative expenditure limitation (Home Rule Option) to apply to the Town for the next four years beginning in 2017-2018.

Under a Home Rule Option if approved by the voters, the Town estimates it will be allowed to expend approximately \$19,688,500 in 2017-2018, \$21,149,050 in 2018-2019, \$20,588,250 in 2019-2020, and \$21,047,150 in 2020-2021.

With approval of the Home Rule Option, the Town will utilize the expenditure authority for all local budgetary purposes including: General Government; Grants; Public Safety; Parks & Recreation; Aquatics; Library; Senior Center; Magistrate; Prosecutor; Planning & Building; Public Works & Engineering; Roads; Water & Sewer Utilities; Capital Improvements; and Debt Service. We estimate that the expenditures for the next four years under the Home Rule Option will be as follows:

PAGE 2
ALTERNATIVE EXPENDITURE LIMITATION
DETAILED ANALYSIS

In determining the revenue sources to fund the authorized additional expenditures under the alternative expenditure limitation, it is assumed that the federal, state and local revenues received by the Town will continue to be available in 2017-2018 as they have for the past four (4) years. Their continued availability is also assumed for the next three (3) consecutive years following 2017-2018.

Any and all dollar figures shown in this analysis are estimated figures only and are based upon information available at the time of preparation of this report. The budgets and actual expenditures in any given year may be more or less than the figures noted above depending on available revenues. The actual expenditure limitation for each fiscal year shall be adopted as an integral part of the budget for that fiscal year.

TOWN OF CHINO VALLEY COUNCIL AGENDA ITEM STAFF REPORT

Town Council Regular Meeting

Item No. 7. c.

Meeting Date: 04/12/2016
Contact Person: James Gardner, Associate Planner
 Phone: 928-636-2646 x-1295
Department: Development Services
Item Type: Action Item - Presentation
Estimated length of staff presentation: 10 minutes
Physical location of item: 868 Adams Dr., Chino Valley, AZ, 86323

AGENDA ITEM TITLE:

Consideration and possible action to adopt Ordinance 16-814, to rezone approximately 2.31 acres of real property, located at 868 Adams Dr., Chino Valley, Arizona, consisting of a portion of the North half and the Northeast quarter of Section 15, Township 16N, Range 02W, Gila and Salt River Base and Meridian (Yavapai County Assessor's Parcel number 306-20-103) from Single Family Residential, 2.5-acre minimum (SR-2.5) to Single Family Residential, 1-acre minimum (SR-1) zoning district. Applicant: Jeb Merlyn. Staff: James Gardner

RECOMMENDED ACTION:

This request will not have a detrimental effect on persons residing in the vicinity and is appropriate for the subject parcel and surrounding properties, given the proximity to other Single-Family Residential, 1-acre minimum (SR-1) zoning. Staff recommends approval of Ordinance 16-814, to rezone the parcel from SR-2.5 to SR-1.

Move to approve Ordinance No. 16-814, changing the zoning on approximately 2.31 acres of real property generally located at 868 Adams Drive from Single Family Residential 2.5-acre minimum (SR-2.5) to Single Family Residential, 1-acre minimum (SR-1) zoning district.

SITUATION AND ANALYSIS:

Issue Statement

The purpose of this request is to rezone subject parcel 306-20-103, consisting of approximately 2.31 acres. The subject parcel is located in Section 15, Township 16 North, Range 2 West of the Gila and Salt River Base and Meridian, Yavapai County, Arizona. The property is located at 868 Adams Dr., west of State Route 89, on the north side of Adams Dr. Surrounding zoning districts include SR-1 to the west, east, and south, and SR-2.5 to the north. This parcel sits approximately 600 feet west of State Route 89, where parcels are zoned CL in the area, as well as a single parcel zoned PL – the Arizona Department of Transportation's (ADOT) materials yard.

The property is zoned Single-Family Residential, 2.5-acre minimum (SR-2.5) and the applicant would like to rezone to Single-Family Residential, 1-acre minimum (SR-1). The applicant is interested in

rezoning the property to SR-1 for the purpose of splitting the parcel, adding a manufactured home to the vacant parcel created by the lot split, and renting that manufactured home to renters. The newly created parcel will be to the west of the existing home onsite, where the application/property owner resides.

Summary of Issues and Staff Rationale

History

The subject parcel, located north of Adams Dr., is part of an unrecorded “subdivision”, known colloquially as Adams Acres. Adams Acres is bounded to the south by Adams Dr., the north by Road 3 North, the west by Road 1 East, and the east by the rear property line of the commercial properties fronting on State Route 89. (See Figure 1, in attached staff brief)

The surrounding parcels have been divided either prior to being in Town limits or without the benefit of a Town issued land split application – which was created with Ordinance number 443, passed on January 15, 2001. The surrounding properties consist primarily of one-acre parcels, with the exception of the parcels to the north and northeast, both of which are 2.5-acre parcels.

Discussion with Public Works on future water infrastructure improvements have indicated a possibility of a water line serving Adams Dr. in the future, once right-of-way is acquired for the entire length. Currently, the water will be served via a shared well with the existing home.

A neighborhood meeting was held on February 17, 2016, at which 3 neighbors were in attendance. One neighbor stated concern of water levels dropping, and the inclusion of another home on the parcel. This concern does not fall within our purview, however, due to the fact that the home is on an exempt well, and the well permit is issued by the Arizona Department of Water Resources (ADWR). The Planning and Zoning Commission unanimously voted on March 1, 2016, to forward the application to the Town Council with the recommendation of approval.

Findings of Fact

The subject parcel is zoned Single-Family Residential, 2.5-acre minimum (SR-2.5) and the applicant would like to rezone to Single-Family Residential, 1-acre minimum (SR-1). The request to rezone will not be materially detrimental to persons residing in the vicinity adjacent to the property, to the neighborhood, or to the public welfare. The request to rezone is in general conformance with the zoning classifications in the immediate area. The proposed rezone is in conformance with the General Plan's Future Land Use (FLU) Map, which identifies the State Route 89 corridor and all property between Road 1 East and Road 1 West as commercial/residential mixed use, and although this rezone will not contain any commercial uses, it will have a higher density residential use, which is called for in the Town General Plan.

Item No. 7. d.

Meeting Date: 04/12/2016

Contact Person: Michael Lopez, Assistant Public Works Director/Town Engineer
Phone: 928-636-2646 x-1226

Department: Public Works

Item Type: Action Item

Estimated length of staff presentation: 5 minutes

Physical location of item: Town of Chino Valley Library

AGENDA ITEM TITLE:

Consideration and possible action to:

1. Review and conceptually approve a proposal by the Friends of the Library to construct an addition to the Library of approximately 400 square feet, for which the Friends of the Library will bear all costs of design and construction, unless otherwise authorized by the Town Council; and
2. Authorize the Town of Chino Valley Public Works Department to facilitate the relocation of existing utilities (gas and water) prior to the construction of the Library Expansion in an amount not to exceed \$7,500.00.

RECOMMENDED ACTION:

Move to:

1. Approve in concept the Friends of the Library's proposal to construct an addition to the Library of approximately 400 square feet with the Friends to pay all design and construction costs except as otherwise authorized by the Town Council; and
2. Authorize the Town of Chino Valley Public Works Department to facilitate the relocation of existing utilities for the construction of the Library Expansion in an amount not to exceed \$7,500.00.

SITUATION AND ANALYSIS:

Issue Statement

The Town of Chino Valley owns the Library building. The Friends of the Library ("Friends") is a 501(c)(3) organization that assists the Library and raises money to support Library activities. To raise money for the Library, the Friends sells books on Amazon.com. To continue the sales, the Friends needs more space and would like a dedicated area to use at the Library. The Friends have proposed to construct an addition to the Library building of approximately 400 square feet, for which the Friends will bear all costs of design and construction unless otherwise authorized by the Town Council.

Summary of Issues and Staff Rationale

Members of Staff have been working with the Friends to assist in the Friends' proposal to expand the

existing Library building to facilitate the Friends' efforts to raise money for the Library by selling books on Amazon.com that are either duplicates or not needed by the Library for other reasons. The Friends are willing to pay for architectural and design plans and construction services for the addition. Without formal Town approval, the Friends engaged an architect to design the addition. Staff prepared the necessary civil plans and cost estimates to determine the scope of services required to relocate the existing utilities for the new Library Storage Facility Expansion.

The Friends' architect obtained construction bids or estimates without review of the bid packet, process or proposed contract by the Town Attorney. The architect chose a local contractor to construct the addition. The Town Attorney is now reviewing the process to ensure that it complies with all applicable statutory and Town procurement requirements for public buildings. If the requirements were not met, the project may need to be re-bid. If the Council conceptually approves the project, the Town Attorney will prepare, for Council's approval, an agreement with the Friends setting forth the responsibilities of the Town and the Friends with respect to the project and authorizing the Friends' use of the space for its fundraising efforts after construction is completed. We anticipate having these agreements ready for Council approval on April 26.

In the meantime, the project, as designed by the architect, will require the gas and water lines to the Library to be relocated on Town Property. These utility relocations must occur prior to the construction of the addition. The Public Works Department proposes to do some of the work in-house and engage subcontractors to do a portion of the work. Approval by the Council will authorize the Public Works Department to proceed with the work with funding coming from the Town's contingency fund. Staff is requesting approval of the relocation efforts in order to keep the project moving while the Town Attorney reviews the documents prepared to date and prepares an agreement between the Town and the Friends for Council's approval.

Findings of Fact

The Town Council finds that the Library expansion project as proposed by the Friends of the Library will be of benefit to the Library, the Town, and the residents of the Town and that the use of contingency funds in the amount proposed is a reasonable use of Town funds and will not be detrimental to the operations of the Town.
