AGREEMENT OF UNDERSTANDING AND CERTIFICATION OF COMPLIANCE

Acceptance of Condition

It is understood and agreed by the undersigned that a grant received as a result of this Contract is subject to the Highway Safety Act of 1966, as amended (23 U.S.C.A. §§401-404), ARS §28-602, and all administrative regulations governing grants established by the USDOT and STATE. It is expressly agreed that this Highway Safety Project constitutes an official part of the STATE's Highway Safety Program and that AGENCY will meet the requirements as set forth in the accompanying Project Director's Manual, which are incorporated herein and made a part of this Contract. All State and Federal Statutes, Rules, Regulations, and Circulars referenced in this Contract are a part of this document as if fully set forth herein. It is also agreed that no work will be performed nor any obligation incurred until AGENCY is notified in writing that this project has been approved by the Governor's Highway Safety Representative.

Certificate of Compliance

This is to certify that AGENCY will comply with all of the State and Federal Statutes, Rules and Regulations identified in this Contract.

Certification of Non-Duplication of Grant Funds Expenditure

This is to certify that AGENCY has no ongoing nor completed projects under contract with other Federal fund sources which duplicate or overlap any work contemplated or described in this Contract. It is further certified that any pending or proposed request for other Federal grant funds which would duplicate or overlap work described in the Contract will be revised to exclude any such duplication of grant fund expenditures. It is understood that any such duplication of Federal funds expenditures subsequently determined by audit will be subject to recovery by STATE.

Single Audit Act

If your political subdivision has had an independent audit meeting the requirements of the Single Audit Act of 1984, (31 U.S.C.A. §7501 et. seq.), please forward a copy to GOHS, Attention: Fiscal Services Officer, within thirty (30) days of the effective date of this Contract. If such audit has not been performed, please advise when it is being scheduled.

Buy America Act

The State and each subrecipient will comply with the Buy America requirement (23 U.S.C. 313) when purchasing items using Federal funds. Buy America requires a State, or subrecipient, to purchase with Federal funds only steel, iron, and manufactured products produced in the United States, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the cost of the overall project contract by more than twenty-five (25) percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification to and approved by the Secretary of Transportation.

Prohibition on Using Grant Funds to Check for Helmet Usage

The State and each subrecipient will not use 23 U.S.C. Chapter 4 grant funds for programs to check helmet usage or to create checkpoints that specifically target motorcyclists.

- b) Consideration and possible action to amend the existing Planned Area Development (PAD) of the Bright Star Subdivision containing approximately 277.42 acres of real property. (Joshua Cook, Development Services Director)

Recommended Action: Approve amendment to the existing Planned Area Development (PAD) of the Bright Star Subdivision containing approximately 277.42 acres of real property.

Joshua Cook, Development Service Director, presented the following:

- The presentation would combine Items b and c.
- Item b was a proposed amendment to their Planned Area Development, which would allow for setback flexibility within Unit 2 Phase 3.
- Item c was the amendment to the final plat. Since the development had already been platted and recorded, in order to change minor locations of lot lines and amend the setbacks, the final plat needed to be amended.
- Unity Lane was part of the current phase. The developer had agreed to also pave a part of Road 2 North as part of the phased development, to help alleviate the dust.
- The medium density residential development was consistent with the General Plan.
- It is surrounded by future growth areas that include industrial and commercial, but mainly by medium density residential.
- The zoning with the PAD overlay was multifamily commercial with some AR-5. An overview of surrounding zones was provided.
- The language proposed for the cross access easement between the current phase and the applicant had updated the future phases to the south, after discussions with the Town representatives. Staff reviewed the language.
- Staff recommended Council approve the PAD Amendment to allow the setback flexibility and they recommended Council approve the final plat amendment to formalize the amendments.
- There were some comments that questioned why the Town would recommend approval of a ten-foot front yard setback. Staff included the different housing plans that were available to show how the homes were set on the lots. The designs were meant to help break up and allow a varied streetscape.

MOVED by Vice-Mayor Jack Miller, seconded by Councilmember Mike Best to Approve amendment to the existing Planned Area Development (PAD) of the Bright Star Subdivision containing approximately 277.42 acres of real property.
