5) STAFF REPORTS

6) PUBLIC HEARING

- a) Consideration and possible action to hold a citizen review meeting regarding Ordinance 16-816 to amend the Unified Development Ordinance ("UDO"), Chapter 4, General Regulations, Section 4.31 Medical Marijuana Dispensaries, Cultivation and Infusion Facilities, to require a five hundred foot (500') separation from the edge of right-of-way of State Route 89.

Planner Gardner explained why the UDO should be amended.

- Originally, 1 dispensary per 10 register pharmacies in the state was allowed. (*Arizona Revised Statutes ("A.R.S.") Section 36-2804*)
- State had to figure out how to distribute the dispensaries.
- Created Community Health Assessment Areas (CHAAs)
- After first dispensary license issued, 3 year window to stay within designated CHAA [*Arizona Administrative Code § R9-17-306(B)(1)(b)*]
- *3 years is expired, dispensaries can move around the state as they wish now.*

Planner Gardner explained why the UDO should be amended.

- In anticipation of the move of dispensaries throughout the state
- Possibility of additional dispensaries to locate within Town
- Possibility of current dispensary moving, being replaced with a new dispensary in Town.

The intended effect would:

- Prevent proliferation of new dispensaries along highway frontage
- Limit visibility of these uses along highway. Doesn't zoning cover this? – This is a safeguard in case a property is zoned Industrial for another use within 500 feet of the highway.

Commissioners wanted to clarify that if a dispensary moved out of town another dispensary would have to occupy the same space within 6 months of being vacated.

MOVED by Commissioner Michael Bacon, seconded by Vice-Chair Gary Pasciak move to put this on the agenda for the May 3, 2016 at the Planning Commission meeting.

Vote: 6 - 0 PASSED - Unanimously

- b) Consideration and possible action to hold a public hearing and to recommend to the Town Council adoption of Ordinance 16-817 to rezone approximately 2.0 acres of real property, located at 1650 Granite Creek Lane, Chino Valley, Arizona, consisting of a portion of the Northeast quarter of Section 11, Township 16N, Range 02W, Gila and Salt River Base and Meridian (Yavapai County Assessor's Parcel number 306-17-110C) from I (Industrial) to SR-1 (Single Family Residential, 1 acre minimum). (Applicant: TDH Investments) (James Gardner, Associate Planner)

Planner Gardner provided the following information:

- Currently there is a manufactured home, garage and well house. The home was permitted in 1984, 9 years after it was rezoned to Industrial.
- The applicant mailed letters and posted the site in conformance with state statute and the UDO.
- Both the applicant and current tenant held a neighborhood meeting on February 22, 2015. A representative for the adjacent neighbor was in attendance and expressed opposition

Effect of Proposed Zone Change on Surrounding Parcels

- Industrial/Residential Buffer (Landscaping)
- UDO §4.8(A)(1) requires a 10 foot landscape buffer on the side of a fence facing a residential property in accordance with UDO §4.26.4(B)(2)
- UDO §4.26.4(B)(2) would require a 5 foot wide landscape strip along street frontage adjacent to residential zoning

Opposition is due to perception of a diminished right to develop the adjacent Industrially zoned parcels.

This rezone is in compliance with the General Plan. The property is not inside a community core.

Applicant Tim Hendrickson has owned the property for several years. Mario Ramirez has worked for him for 20 years and has lived in the home with his wife for several years and recently asked to buy the property. Due to the current zoning they cannot get a loan. The property was zoned industrial in the early 1980s.

The other parcels have been sitting there for several decades.

Jay Wilmore opposes the rezone and thinks it will impact his property which is located to the south and east. He offered an alternative to trade 2 acres near the tree farm for the log cabin. In addition he will finance the buyer and carry the note.

Real estate agent John Kuzicki stated that he opposed the rezone and that there is a need to be consistent on what is residential and what is industrial.

At the time the home was established residential was ok on industrial zoned property.

The impact to the adjacent property rights would include:

- Landscape buffer and fencing.
- If the property was more than 500ft deep a Medical Marijuana facility could be built.
- If the opposing party made a Prop 207 claim the Town could grant a Protected Development Rights Plan.

MOVED by Alternate Commissioner Julie Van Wuffen, seconded by Commissioner Michael Bacon to change the zoning on the parcel to be residential.

Vote: 6 - 0 PASSED - Unanimously

7) NON-PUBLIC HEARING ACTION ITEMS

There were no Non-Public Hearing Action Items.

8) DISCUSSION ITEMS

- a) Presentation of upcoming UDO amendments to Section 4.21, Sign Regulations, and methods for community and business outreach on this process.

Planner Gardner provided an update regarding amendments to the sign code.

- Provided handout regarding Reed v. Gilbert case.
- Survey instrument sent thru Chamber of Commerce and Town website.
- Comparative analysis of sign codes in Prescott, Prescott Valley & Yavapai County.
- Conducted office outreach when business owners came in to renew sign permits and were invited to participate.
- Mass email was sent to business license holders.
- Survey results have been posted to the Town Website

2. A legal non-conforming sign may continue to be utilized in perpetuity only in the manner and to the extent that it existed at the time of the adoption of this Ordinance or any amendment thereto.

Any construction permit which invokes Certificate of Occupancy requirements shall specify and require that any non-conforming sign located within the boundaries of the development site, and within the limits of the applicant's control, authorized by the permit shall be brought into conformance with the provisions of this Ordinance, provided that if the non-conforming sign is a type of sign that is prohibited under this Ordinance, it shall be removed.
5. Legal non-conforming signs that are located on a parcel of property which is severed from a larger parcel of property and acquired by a public entity for public use by condemnation, purchase or dedication may be relocated on the remaining parcel without extinguishing the legal non-conforming status of that sign provided that the non-conforming sign:

This subsection shall not prohibit reasonable repairs and alterations to non-conforming signs.

 3. If the structure of a non-conforming sign is changed, the height and area of the sign shall not be increased to exceed the height and area limits of the site on which it is located. If the sign exceeds the site's height and/or area limitations, the excess height and/or area shall be reduced a minimum of fifty percent (50%). Nothing in this subsection shall require a non-conforming sign to be reduced to a height or area less than that allowed on the site.

If a non-conforming sign is located on a parcel that is experiencing development for which Site Plan Review is required, the height and area of the sign shall not be increased to exceed the height and area limitations of the site. If the sign exceeds the site's height and/or area limitations, the excess height and/or area shall be reduced a minimum of fifty percent (50%). Two such reductions shall be permitted; after the third structural change, the sign shall conform to current standards. Nothing in this subsection shall require a non-conforming sign to be reduced to a height or area less than that allowed on the site.
- C. Site Plan and/or Design Review required by one of the following types of development shall not cause reduction in a sign's non-conforming height and/or area:

Usable space shall not include areas such as restrooms and storage rooms.
 2. An addition of more than two thousand square feet (2,000 sq. ft.) when the addition is less than ten percent (10%) of the size of the usable space of the site which is the subject of review. If the correction has not been made within forty-eight (48) hours, the Zoning Administrator, or his/her designee, may have the sign removed if it creates a danger to the public safety or have any necessary repairs or maintenance performed at the expense of the sign owner or owner or lessee of the property upon which the sign is located.

Unified Development Ordinance Amendment Regarding Medical Marijuana Separation Requirements

CASE DESCRIPTION:

Consideration and possible action to hold a public hearing regarding Ordinance 16-816 to amend the Unified Development Ordinance ("UDO"), Chapter 4, General Regulations, Section 4.31 Medical Marijuana Dispensaries, Cultivation and Infusion Facilities, to require a five hundred foot (500') separation from the edge of right-of-way of State Route 89.

FACTS:

4. Site Area:.....
5. Existing zoning:.....
6. Intended Use:.....

ANALYSIS:

The Arizona Medical Marijuana Act (the "Act"), approved by voters in 2010, established the laws for medical marijuana in Arizona and tasked the Arizona Department of Health Services ("ADHS") with developing regulations to implement the provisions of the Act. Arizona Revised Statutes ("A.R.S.") Section 36-2804 limited the number of medical marijuana dispensaries to no more than one dispensary for every ten registered pharmacies in the state (as registered under Arizona pharmacy statutes). ADHS was required to determine a means to distribute the limited number of dispensaries throughout the state. ADHS established regulations that permitted a single dispensary per Community Health Analysis Area ("CHAA"), the CHAAs are distributed throughout the state, and are nearly equal to the initial number of dispensaries permitted pursuant to A.R.S. § 36-2804.

Arizona Administrative Code § R9-17-306(B)(1)(b) provides that after the first three years that a dispensary has been issued a Dispensary Registration Certificate, the dispensary may change its location to any other location in the state, and the first dispensaries in Arizona were certified in 2013. This means that those dispensaries that were certified in 2013 would now be allowed to move anywhere with the state, including CHAAs where there is an existing dispensary. Currently, within Chino Valley, there is one dispensary. If the Town Council takes no action, other dispensaries could locate within the Town boundaries, as long as they are in compliance with the UDO. The UDO Amendment set forth in Ordinance 16-816 is proposed in anticipation of the possibility that a duly certified dispensary may desire to move to the Town of Chino Valley.

The proposed amendment requires a five hundred foot (500') separation between medical marijuana uses and the edge of the right-of-way of State Route 89. The purpose of this proposed amendment is to prevent a proliferation of dispensaries from locating near highway frontage, thereby limiting the visibility of this use. Ordinance 16-811, which became effective on February 26, 2016, requires that all dispensaries be located within Industrial (I) zoning districts. Currently there are no industrially zoned properties adjacent to State Route 89. Staff recommends approving Ordinance 16-816 to provide added protection for the Town just in case a property located on State Route 89 is rezoned to Industrial for another purpose, and subsequently sold for medical marijuana uses.
